The Core PATCH Package provides communities the training, support, resources, and materials to become a PATCH Site. A PATCH Site has a Teen Educator team that facilitates the "PATCH for Providers" and "PATCH for Teens: Peer-to-Peer" Workshops. In 2018/2019, there were:

2 New PATCH Sites

5 Existing PATCH Sites

86 Teen Educators trained

23 PATCH for Providers Workshops

725 PATCH for Providers Workshop attendees

24 PATCH for Teens Workshops

414 PATCH for Teens Workshop attendees

Check out the 2018/2019 PATCH Program Impact Report on our website for a full evaluation summary.

The PATCH Advocacy Fellowship is an opportunity for Wisconsin youth, ages 12-21, to grow as leaders and activists. They are empowered to be a part of adolescent health conversations at community and state levels, providing advice and input on goals and decisions that impact youth. In 2018/2019:

13 Youth Advocates completed the 8-month Fellowship

45 Youth Advocates completed the Summer Fellowship

We're always creating and developing new things! This year, we:

- * Completed the first ever Summer Youth Advocacy Fellowship, taking our 8-month model and condensing it into an intensive 8-week program.
- * Translated our PATCH brochures and resources into Spanish!
- * Released the highly anticipated "PATCH for Parents" Toolkit.
- * Updated the popular "PATCH for Teens" Toolkit.
- * Enhanced our Core PATCH Package coaching model with new training videos.

Stay up to date on all of our efforts by visiting www.patchprogram.org and signing up for PATCH's seasonal newsletter, Peek@PATCH!

We are proud to share PATCH's evidence, impact, and lessons learned through various mediums. This year we presented at several conferences, networked at numerous meetings, and attended a few national trainings. Keep tabs on us via social media @thepatchprogram.

PATCH provides youth-driven materials, resources, and programming to raise the voices of youth and improve the overall health and well-being of their generation.
