PATCH goes statewide in WI! Thanks to new & existing supporters, we have a full adult team working alongside and in true partnership with youth to improve adolescent health in our home state. #becauseTHEYaretheexperts

August

PATCH youth teams navigate a delicate balance of in-person and virtual trainings, making the best of what we can in a COVID world!

September

With exponential growth, PATCH hires evaluation consultants as part of a newly formed "PATCH Eval Team".

October

Our youth teams settle into a rhythm, transitioning into workshop & consulting season, many hosting in-person events for the first time in...YEARS!

November

People asked and we said yes! PATCH begins packaging the PATCH Youth Advocacy Fellowship for replication, creating tools and resources for others to do (and adapt!) what we do.

December

Many PATCH teams celebrate the new year with a Self-Care Day, involving journaling, art creation, delicious food, and even laughing yoga!

2022

January

PATCH Coordinators kick off 2022 together - sharing successes, asking questions, and learning from one another as a community of practice.

June

Ohio PATCH Youth Advocacy Fellowship gets a big warm welcome as our FIRST partners to replicate the Youth Advocacy Fellowship!

PATCH strives to bring youth voice into important adolescent health conversations while providing the necessary knowledge, resources, support, skills, and opportunities needed to become healthy, connected, and thriving adults.
